## Re: Marketing and Business Development Fund

I understand that the St Albans Business Group Association Inc. (SABGAI) is working with our local businesses and Brimbank City Council to introduce a Special Rate Scheme for the St Albans Business District. In my opinion such a scheme will provide numerous benefits to the area for businesses, customers, residents and visitors.

Therefore I support the introduction of this scheme for the St Albans business area for the coming five years.

I would like to apply for membership of the SABGAI

*Membership is cost and obligation free and gives me access to the many benefits of the Association.*

I would like to be heard by Council on my support
